SUMMARY

4th-year B.Tech Computer Science and Engineering student with full-stack and backend development skills in Java, JavaScript, React.js, Node.js, and Express.js, and working knowledge of MySQL and MongoDB. Currently a Software Developer Intern, gaining hands-on experience with real-world software projects. Seeking software engineering, backend, or full-stack development internship and entry-level roles.

TECHNICAL SKILLS

Programming Languages: Java, JavaScript

Frontend Development: HTML, CSS, React.js

Backend Development: Node.js, Express.js, REST APIs

Databases: MySQL, MongoDB

Developer Tools: Git, GitHub, Postman

Core Computer Science: Object-Oriented Programming (OOP), Database Management Systems (DBMS), System Design, Data Structures and Algorithms

EXPERIENCE

Software Developer Intern Aug 2026 – Present
Sri Aurobindo Society – IT Department

- Collaborate with experienced software professionals on real-world software projects, delivering assigned development tasks.
- Identify, debug, and resolve issues encountered during project development.
- Gain hands-on exposure to the software development lifecycle: planning, development, maintenance, and improvement in a professional IT environment.
- Work with team members on technical tasks, strengthening collaboration and teamwork.

EDUCATION

Bachelor of Technology (B.Tech), Computer Science and Engineering 2023 – 2027
Maharshi Dayanand University (MDU), Rohtak | Currently in 4th year

Class 12 2022 – 2023
St. Columbus School

CERTIFICATIONS & ACHIEVEMENTS

Certificate of Merit – Naukri Campus Young Turks 2026 19 Oct 2026
Issued by Naukri Campus | Presented by HCLTech | Certificate ID: 6acf4b8b96ebe313e740e6f3

- Achieved a **93.73 percentile** (top 6.27% of participants) in Naukri Campus Young Turks 2026, India's largest skill contest.
- Skills recognized by leading industry experts, as stated on the Certificate of Merit issued by Naukri Campus.

ADDITIONAL INFORMATION

Soft Skills:

- **Communication:** Clearly discuss technical tasks, progress, and issues with team members and senior developers.
- **Teamwork and Collaboration:** Work effectively in a cooperative IT team to complete assigned development tasks.
- **Problem Solving:** Analyze, debug, and resolve issues that arise during software development.
- **Adaptability and Learning Agility:** Quickly learn new tools, technologies, and workflows in a professional environment.
- **Strategic Thinking:** Apply planning and analytical skills developed through competitive chess to structured problem solving.
